A Story of Hope

Last year, Kelly* came to one of our Women's Centers extremely undecided about her pregnancy. After confirming she was pregnant and consulting with her, we offered Kelly an ultrasound and she gratefully accepted, anxious to know how far along she was. Still very early in her pregnancy, Kelly scheduled a follow-up ultrasound appointment in two weeks.

Kelly didn't show up for her follow-up appointment. When we reached her on the phone, she stated flatly, "I need to have an abortion." Our consultant gently explained that we do not provide abortions, that we could not refer her to an abortion clinic, and why. The consultant extended our concern for her, and shared with her our host of supportive services. Kelly listened but seemed determined to choose abortion.

Weeks later, Kelly walked in to the center and asked, "Can I have another ultrasound?" She and the baby's father were now considering life for their child. We provided the ultrasound which showed the baby in great detail with a strong, steady heartbeat. The consultant met with Kelly and the two prayed together before she left.

The next time we connected with Kelly, she shared the joyful news that she wanted to enroll in our Earn While You Learn program because she was carrying her child to term!
