## A Story of Hope

At a recent partnership banquet, we had the privilege of hearing the testimony of one of our clients. She told the audience:

"I am so grateful for the Women's Centers and the impact that they had on choosing life for my daughter. When I found out I was pregnant, I was only 15 and I was incredibly scared. The baby's father and his family were pressuring me to have an abortion. His Mom had an abortion when she was a teen and his Dad paid for an abortion for a girlfriend when he was a teen.

They both told me that an abortion would be best and that I would get over it. They also said that God would understand. But, the first time that I saw my baby on the ultrasound screen and then heard her strong beating heart, I knew that abortion was not an option. Sure, things have been hard, but I wouldn't change anything. My little girl is the light of my life, she brings my entire family so much joy.

Thank you so much for supporting Elizabeth's New Life Center so that women just like me can get the support and encouragement that they need to choose life."
