

## What do we need?

We need many **We Have a Dream** champions to help us reach our immediate goal of **\$320,000**. In our past experience opening pregnancy resource centers, we have found that it takes around \$80,000 per year to successfully open a new center. This cost rises over the next few years as the center becomes busier. Thus, our board would like to have 2 years of operating costs for each new center as we embark on this ambitious expansion.

What Can You Do? First, please keep us in your prayers and ask God to show favor on our work. Second, please be generous in supporting the "God Work" of serving our unborn brothers and sisters and helping them thrive as the Lord intends. Attached is a pledge form which we hope you will fill out and send to us TODAY. There's no time like the present to help to build a culture of life and to fulfill our dream of saving more babies in the coming years!

# We Have A Dream

The famous speech by Dr. Martin Luther King In 1963 "I have a dream" was meant to raise awareness of race in our culture and boost African Americans to a new level of equality. Dr. King talked about a promissory note...

"This note was a promise that all men, yes, black men as well as white men, would be guaranteed the unalienable rights of LIFE, liberty, and the pursuit of happiness.

***And justice for all citizens of the United States"***

- Dr. Martin Luther King

Now is the time to make justice a reality for all of God's children!
